

8 PLACES IN YOUR HOME

YOU CAN CLEAN WITH VINEGAR

SHOWER

Vinegar is one of the best ways to remove soap scum and water spots on your shower tiles.

TOILET

Mineral stains are an issue in any toilet, but not if you use vinegar to dissolve them

DISHWASHER

Gunk and mineral buildup can be an issue in your dishwasher. Solve it with a vinegar wash!

FLOORS

When safely diluted, vinegar makes an excellent floor cleaner —except for granite and marble.

FRIDGE

On top of removing stains, vinegar will take care of any lingering smells in your fridge.

WINDOWS

You can forget about streaks because vinegar removes grime and doesn't leave a residue.

SHOWERHEAD

Undiluted vinegar can dissolve mineral buildup in your showerhead and prevent clogging.

STOVE

Since it's edible, you can use vinegar as your go-to cleaner for greasy stoves and ovens.
